

Your mother worked so hard to teach you to keep your elbows off the table.

We're not saying mom was wrong, but we WANT your elbows on our tables! Why? If you faint and fall, you will slump onto the table and be less likely to fall sideways off your chair onto the floor!

So put your elbows on our tables. Just remember to keep them off at mom's house!

*(we won't tell your mom!)*

# KEEP YOUR ELBOWS ON THE TABLE

## KEEP YOUR ELBOWS ON THE TABLE

*(we won't tell your mom!)*

Your mother worked so hard to teach you to keep your elbows off the table.

We're not saying mom was wrong, but we WANT your elbows on our tables! Why? If you faint and fall, you will slump onto the table and be less likely to fall sideways off your chair onto the floor!

So put your elbows on our tables. Just remember to keep them off at mom's house!
